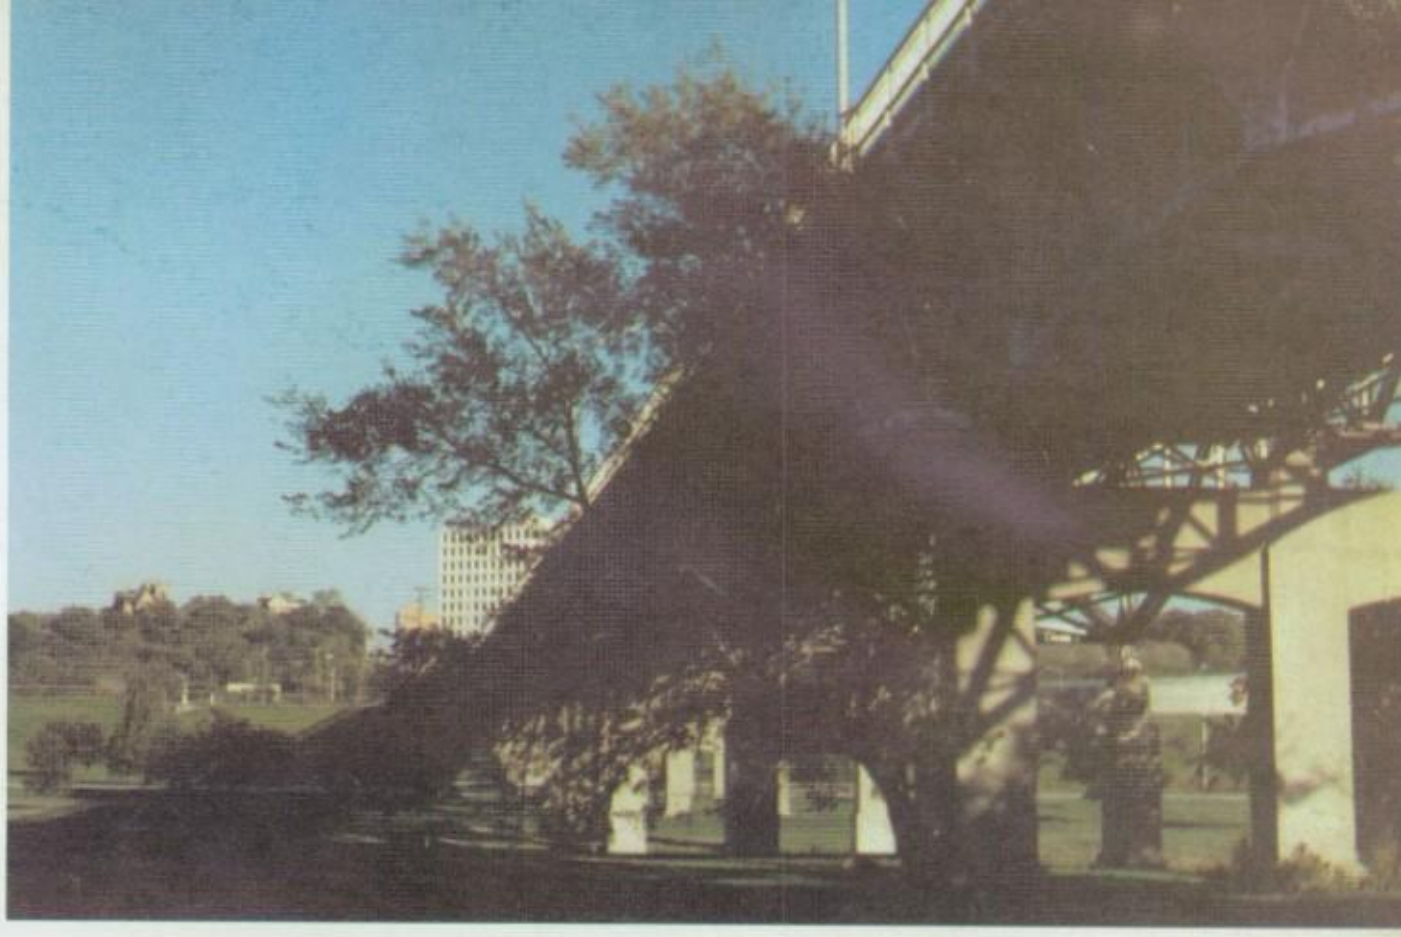
Bulldog Country Is

Fort Worth does not have awesome
mountains or even gentle hills;
It does not have stately forests or
crashing seas
That you think of when you hear the
words "Beautiful Country."

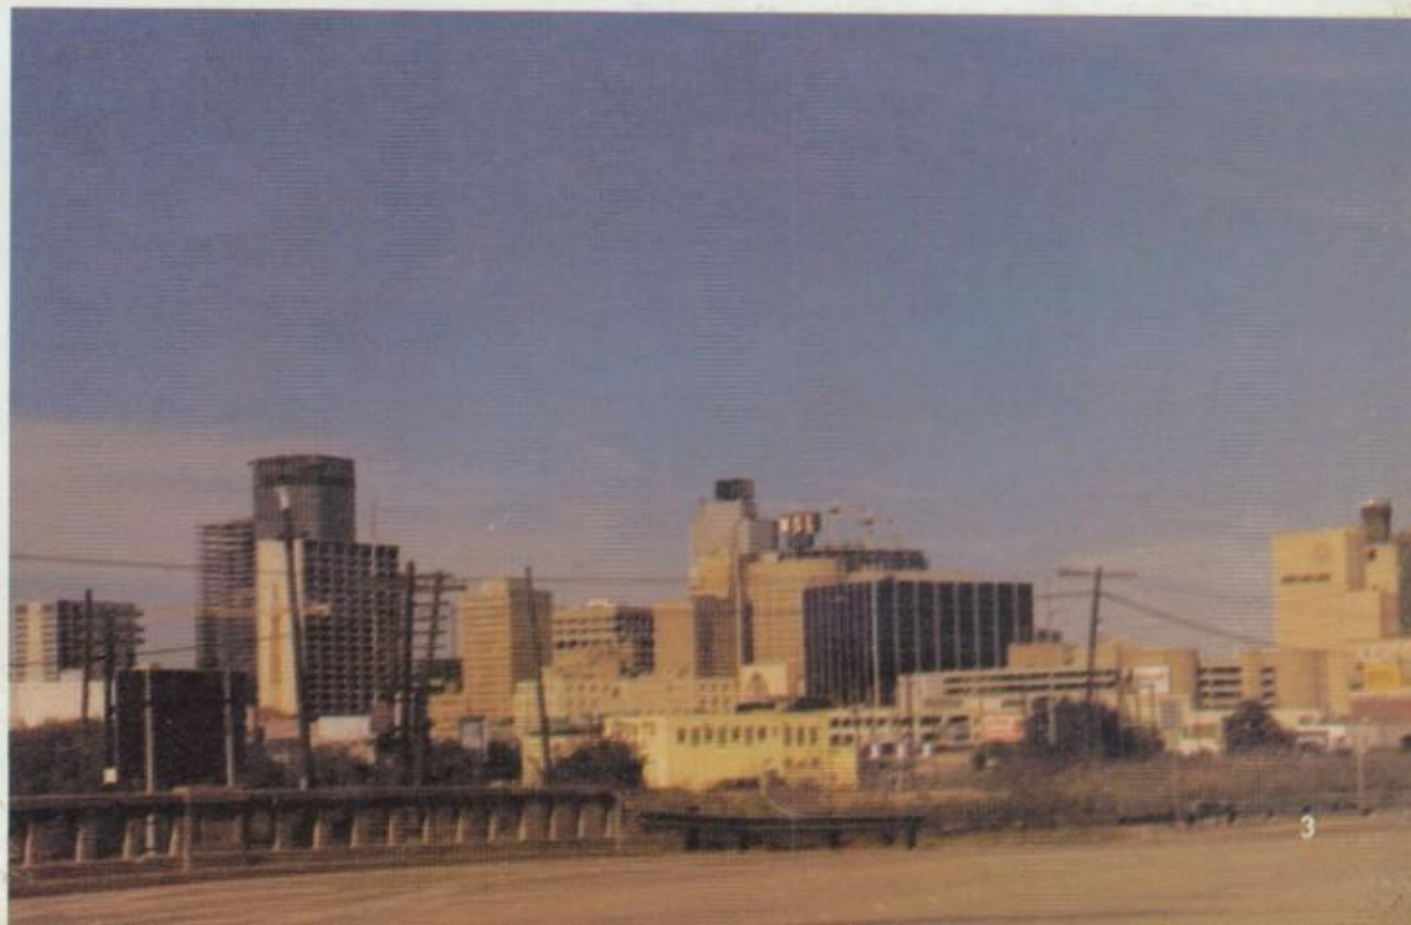
Yet when you stop to gather
bits of beauty in this,
our homeland,
Your mind's eye begins to
see the many and varied
faces of beauty:
the Botanic Gardens in spring
the Water Gardens in summer
Trinity Park in the fall
the skyline in front of a
winter sunset

Fort Worth



Drive in all directions for beauty:
the fields of maize to the south
the rolling farm hills to the north
the hardwood trees to the east
the ranchlands to the west.

But most of all this is
Beautiful Country
because it is home.
As we remember the past
and look to the future,
Fort Worth *is* Beautiful Country.



You will not find Bulldog Country
on a map.
Rather, it is a state of mind
of those whose adult lives
began in a stately building
on West Cannon Street —
Trimble Tech High School.
The capitol of Bulldog Country is
a red brick building
built in 1917,
expanded in 1954,
expanded in 1966,
renovated in 1980.
The capitol of Bulldog Country
has tile floors in the hallway
reflecting sun rays in the afternoon
has an auditorium that still has
one of the largest stages in the
city;
has brick patios and brass railings;
marble insets over a grand entrance.

Bulldog Country I

The people of Bulldog Country spend much
of their daily lives in this capitol;
Yet, they live in
South Side and North Side,
East Side and West Side.

Bulldog Country includes
Farrington Field and Clark Field,
Lakes Benbrook and Worth,
Seminary South and Ridgemar,
Spenser's Palace and Billy Bob's.
The inhabitants of Bulldog Country
work in every area of enterprise
in our city.

Bulldog Country is in our hearts
and in the hearts and memories of those
who have been here before us,
and in the hearts and dreams of those
who will follow us.

We are Bulldog Country,
and *we* are beautiful!

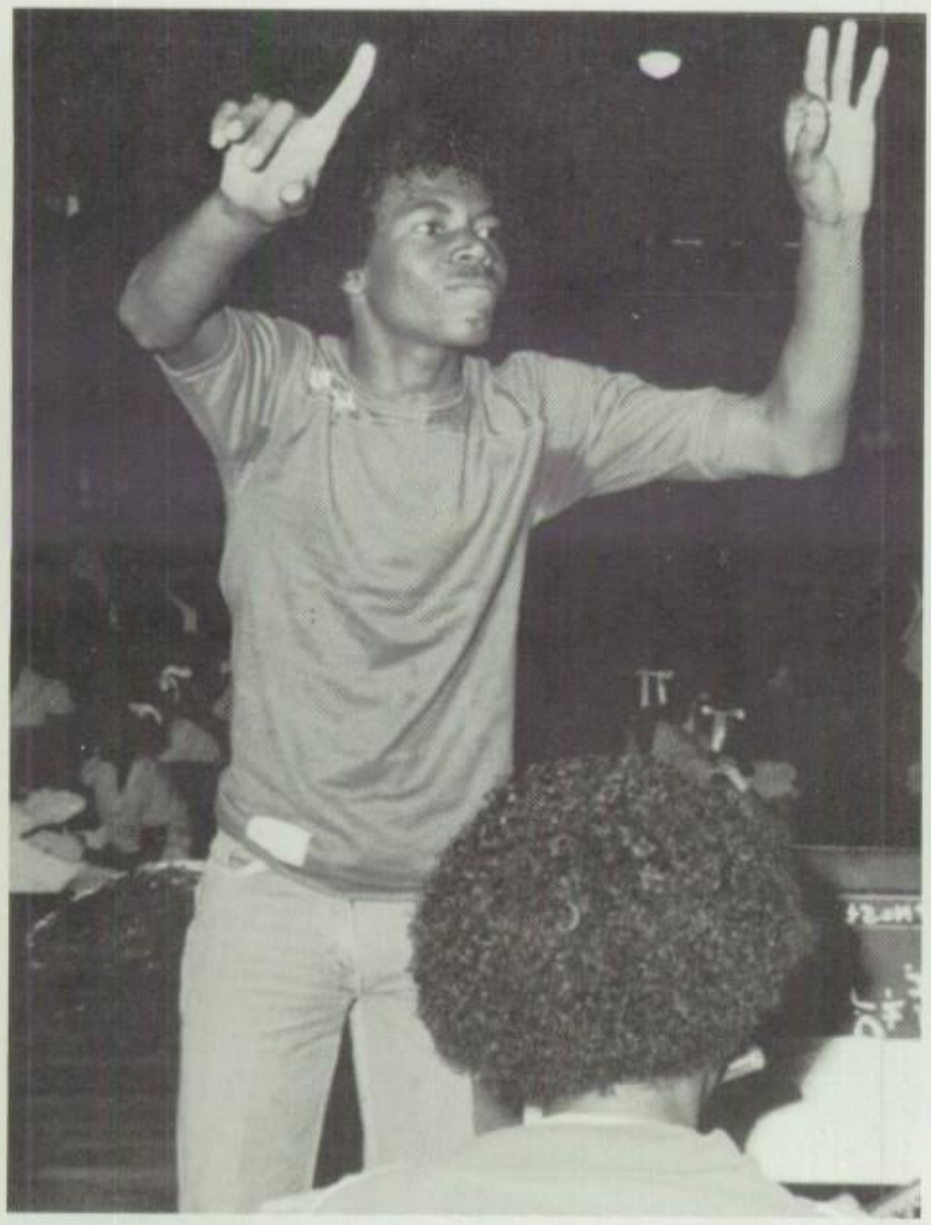
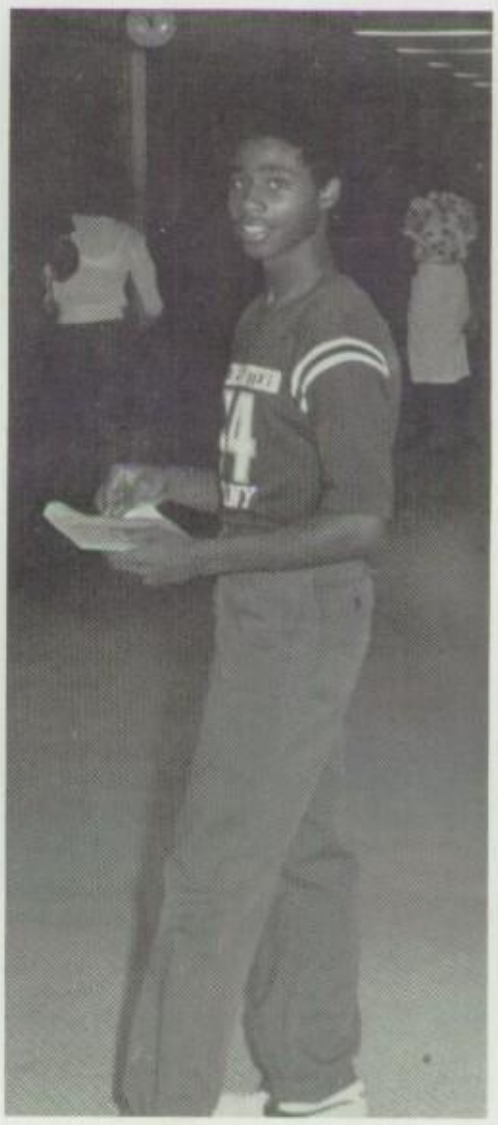
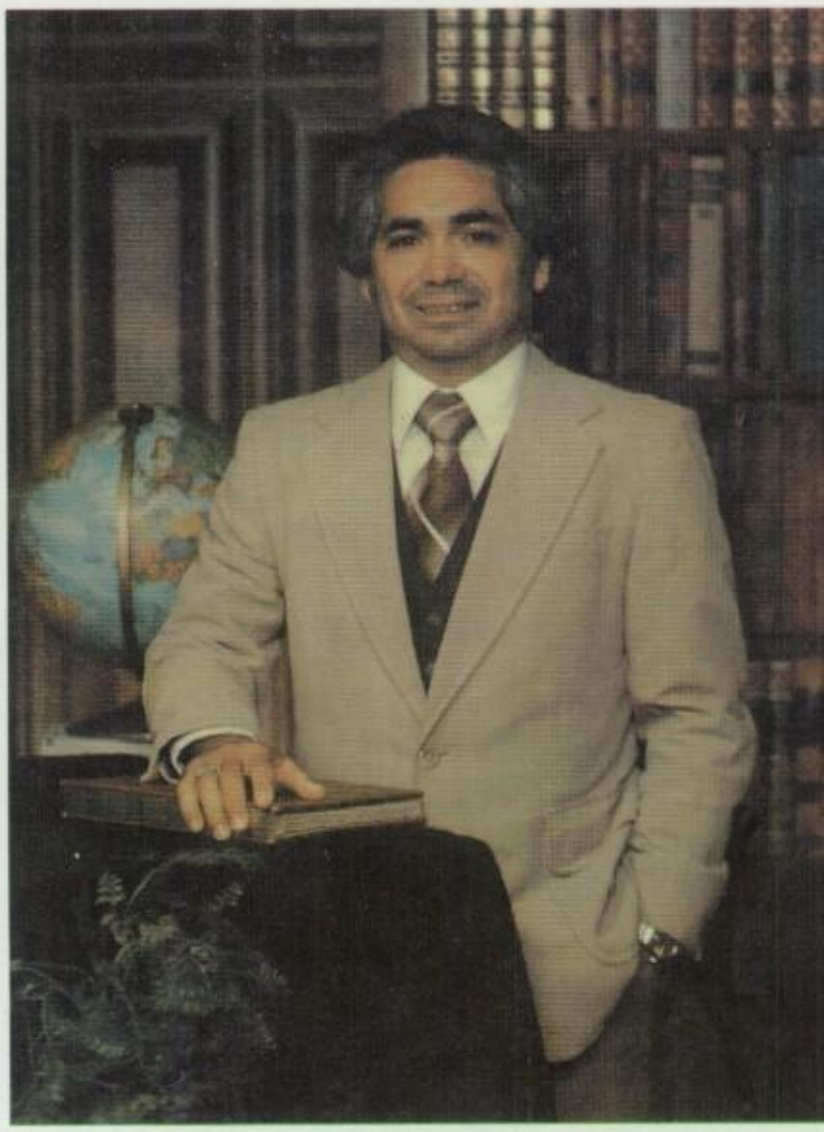
GREEN B. TRIMBLE
TECHNICAL HIGH SCHOOL





RUN Off CHAPS!

Dedication
Mr. Paul M. Galvan



Trimble Tech had been an important part of the educational system in Fort Worth for a long time before Mr. Galvan became the third principal in 1979. Since he has been top administrator here, Tech has seen a period of growth: growth in the number of students, growth in the quality of learning, and growth in the spirit of the school.

Paul M. Galvan was born and grew up in Longview, Texas; he has his college degrees from East Texas State University in Commerce and from TCU. Before he came to Tech, he was a teacher and a coordinator of the educable mentally retarded, an instructor of physical and health education, and a football and track coach. He is well-known as a basketball official, having officiated at high school and college levels.

Mr. Galvan is married and has four children.

The Annual Staff dedicates the 1981-1982 *Bulldog Country* to Mr. Galvan, thanking him for helping to make Bulldog Country a better place.

Dear
I wish I would have
gotten to know you a lot
more better. But to me you
sweet, cute, and a fun
person to party with. I'm
im at sur prised
Any time we have exam
to eat Sonic ice cream
Give me a call and I will go
for it. Seriously may all
your wishes dreams and hopes
come true. But most of all
take care and keep out of trouble
but also stay out of trouble
So next year when you are
a senior your going to
find out how hard it is
to say Good-bye
But I'm not, I'm not
going to say I'll see ya
later as hopefully I will.
Love always
Joy

Senior Class Officers

First Row: Richard Gonzales, Vice-President; Phillip Mireles, Treasurer; William Raven, Parlimentarian.
Second Row: Michelle Lester, Secretary; Janet Hernandez, President; Yolanda Castillo, Historian; Lisa Herrera, Reporter.

Senior Class Sponsors

Mr. Gist, Mrs. Mitchell, Mrs. Medlin, and Mrs. Guthrie

I am proud senior, Class of 1982!
For twelve years I have dreamed of this year.
Now, I am living this dream —
And it is exciting yet scary
Fun but work
Happy and sad.
Senior year involves so much:
Government and senior English
SAT tests and ACT tests
College applications and financial forms
part-time jobs and career decisions
Boy friends and girl friends
Wanting independence and being afraid of it.
School activities are so important:
Homecoming and magazine sales
Senior trip and prom
Baccalaureate and commencement.

As a senior, I become a part of the community
of hundreds who have gone before me.
The hallways echo the memories of my being here.
The teachers and administrators hold me as a part of their lives.
And I have a part of me that will be forever
a part of Bulldog Country —
A time of my life that will be with me forever.

Annual Homecoming Breakfast 1981

Homecoming "81" started off with a morning breakfast at 3:30 a.m. at Ol' South Pancake House. The weather was soggy, but the spirits of the students weren't dampened. The students worked diligently all morning long to prepare for the day's activities. The game ended with a loss, but this Homecoming will be remembered as a winner.

CLASSROOM BLAHS ATTACK STUDENTS

"Oh no, not another lecture on the life style of the Asian Aardvark! I can't take it anymore!! Hm . . . let's see . . . 1, 2, 3, 4, . . . "

There probably wasn't a single student at Tech High this year who didn't have a case of the Blahs at one time or another. Many found that counting things could make the Blahs go away. For instance, did you know: There are 20,268 dots on the ceiling of Mr. Alholm's room? There are 596 books in Doc. Amos's book shelf? There are 356 shelves in the library? Most shirts have between 20 and 50 stripes?

These are just a few of the fascinating statistics discovered this year by students with severe cases of the blahs. This, however, is not a complete list. There is more, a whole lot more.

Waiting for the weekend.

Who me? Asleep?

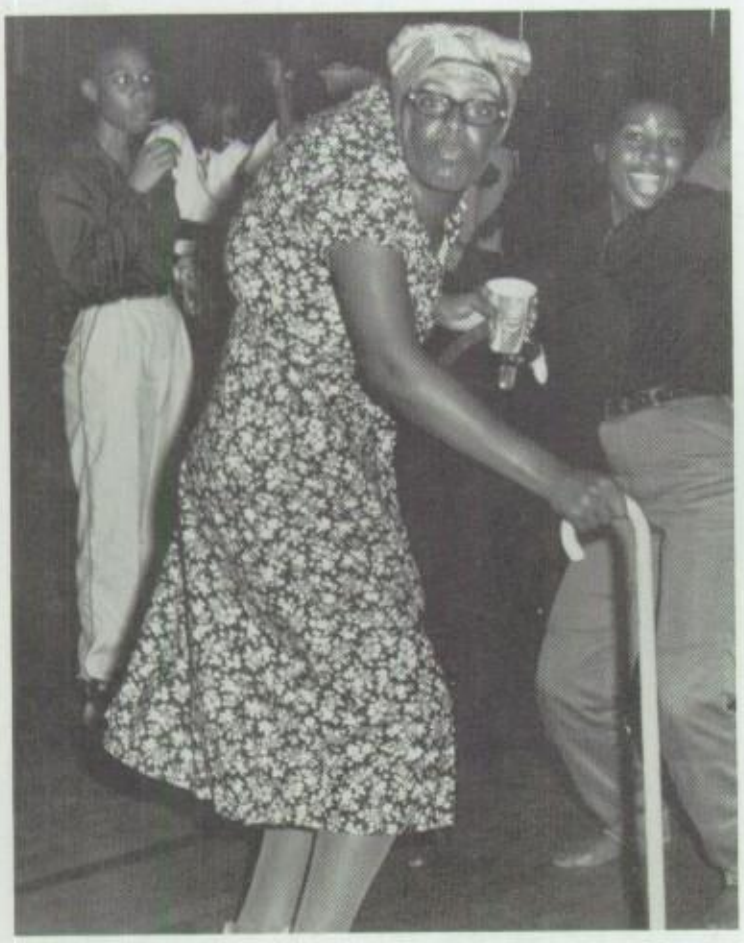
The Joys of Geometry

Hey Guys, its time to go to class. Guys . . . Guys . . .

Halloween a Frightful Success

What do you mean, did I wash my hands?

Watch them hands!



Aunt Jemimah doesn't look the same without her pancakes.

Tech students show they can be scary even without a mask.

Seniors Work at Six Flags Halloweekend

Techites return for a reunion.

Revlon introduces their new line of cosmetics.

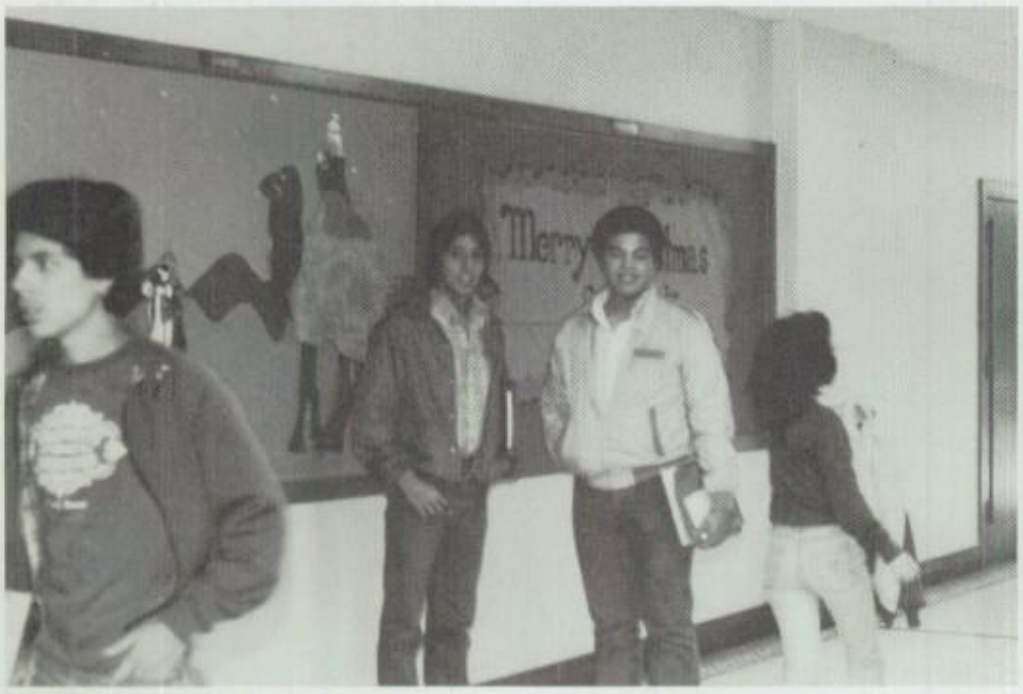
Plastic surgery does wonders.

Where should we hide the evidence?

Take me to your leader.

You've got ring around the collar.

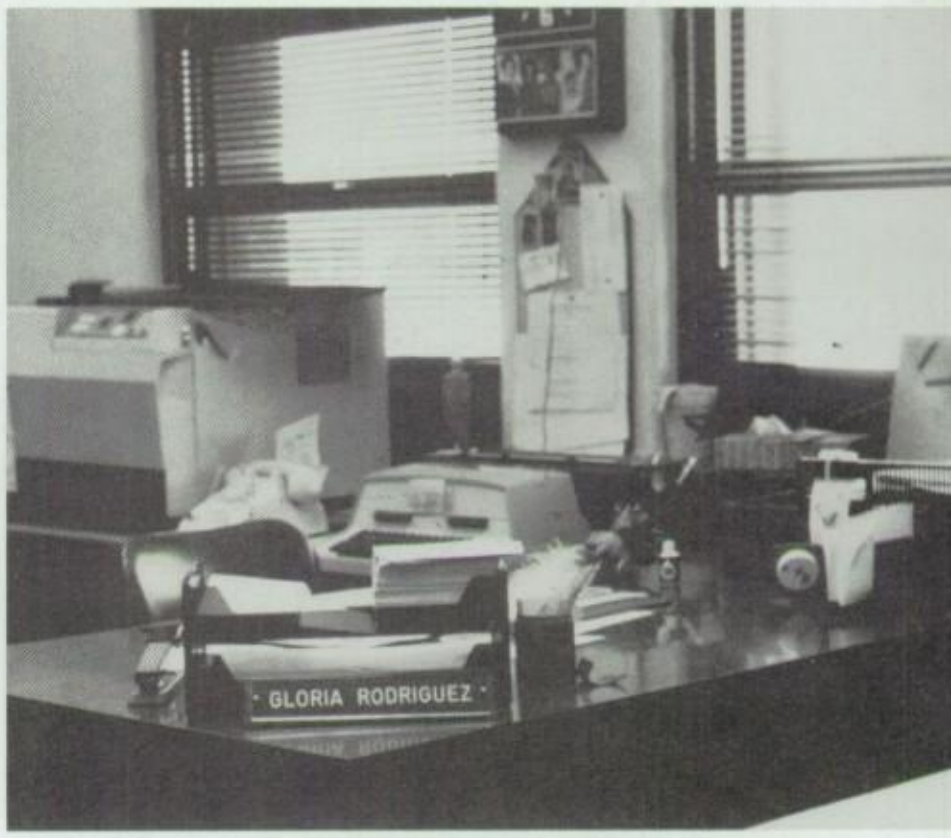
Christmas Cheer



Jaime Cabellero sees what he wants under his tree.

Everyone has a great time at their Christmas party.

Twas the week before
Christmas
and all through the house,
Not a Techite was studying,
not even a louse!



Mrs. Rodriguez takes an early Christmas vacation.

Cynthia Reyes and Julio Moreno have their own Christmas party.

Love Attacks Tech

Please, don't squeeze the Charmin.

I only have eyes for you . . . sometimes.

Even a fire hose can't put out the fire of this love.

David Miller working hard for an A.

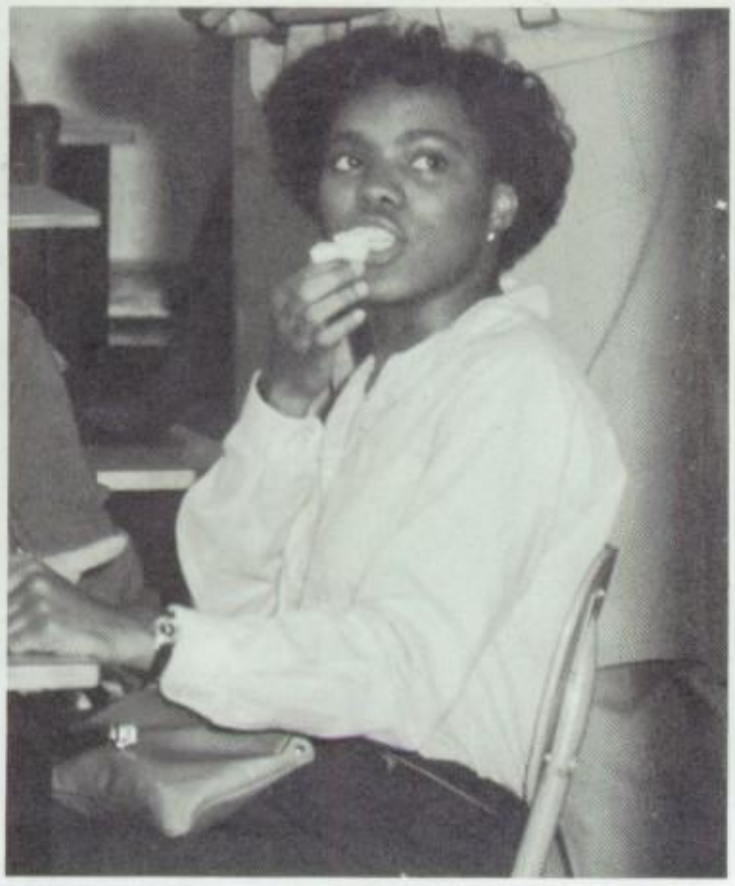
Tech Goes Broadway

"Treasure at Bently Inn" was put on by the Student Government Council, and directed by Mrs. Manning.

The play was filled with mystery and excitement, and a five dollar treasure was found at the end of the play. Tech students show they have talent as well as pizzaz.

Western Day . . .

Rides into town each year with the beginning of the fat stock show



Lunchtime

Whether in the cafeteria or at a neighborhood hamburger joint, lunch is everyone's favorite class. There are no seating arrangements, no tests, and best of all, no teachers to tell you to quit talking or to quit chewing gum. It's a time to relax and visit with friends.

Trimble Tech United FHA — HERO Congratulates Tech Students on Another Outstanding Year.

Future Business Leaders of America

FBLA

Phi Beta Lambda

The school years are one of the most memorable times in an individual's life. It is a time of learning, growing, meeting new people and making friends. It is also a time filled with many experiences. Experience which can be greatly beneficial in one's life.

One of the most joyous of life's experiences is walking across the stage and being handed the well deserved high school diploma. The diploma is a symbol of many achievements and accomplishments.

It symbolizes education and knowledge. It is proof that the graduating senior has completed the courses required and has thus obtained the number of credits needed to graduate.

The diploma symbolizes endurance. A symbol which one should be proud of because it is proof that the receiving individual has endured twelve years of education. These twelve years are not always easy on a person. As one looks back, he can remember all the days when the alarm didn't go off on time, all the homework which never got done and the dreaded "report card" days. The graduate has successfully endured all these times.

Most importantly the diploma symbolizes a new life. A life filled with many new and exciting challenges, as well as important decisions. We hope each senior's experiences at Trimble Tech will prove beneficial and will aid in the challenges and decisions which he will be faced with in his new life.

Seniors, we take this opportunity to thank you for your continued education and encourage you to further your knowledge and explore the many possibilities life offers.

Seniors, we want to acknowledge your strong will and endurance. This quality, when used in an advantageous manner, is a great asset to one's character.

Seniors, it it our privilege to wish you the very best of life and to congratulate you for your past achievements. But don't stop here, set high goals for yourself. You can achieve them — for you are the leaders of tomorrow.
